25X1 25X1			Groups of 30 to 40 men carrying telephone equipment marched out of the installation on several days. Radio trucks were parked in the billeting area on 16 September 1950. The first seemed to be in operation. Only radio truck was seen there on 18 September 1950. Motor vahicles were seen at the side gate on Duererstrasse where the staff cars of the army headquarters were garaged.	25X1 25X1
25X1 25X1	ŗ	<b>.</b> [	No changes were observed at the Flieger Kaserne, Nora. About 60 soldiers wearing red-bordered black epaulets received infantry drill in the area south of the installation on 13 September 1950. About 100 drilling recruits were observed north of the barracks. Lotor vehicles  were identified in the billeting area. *	
		5.	On 11 September 1950 4 of the 12 large buildings of the Tannenberg Kaserne were occupied by troops wearing red-bordered black epaulets. Four buildings which were vacant were separated from the others.  Were seen Leaving the installation. The remaining four buildings were occupied by VP personnel.	25X1
		7.	On 19 September 1950 the Panzer Kaserne on Jenaerstrasse was still occupied by 250 to 300 troops who were red-bordered black epaulets. About 50 recruits foll in in the yard. There was no motor traffic.	
		8.	The Sophien Krankeshaus on Humboldtstrasse housed a high-echelon headquarters, apparently an army headquarters, which included General I.V. Boldin, who had leased a pond near Teimar for fishing. Hany officers of various branches of service were seen at the main building of the headquarters. About 30 officers left the headquarters building in various directions about 7 n.m. on 18 September 1950. Tome officers left by passenger cars	25X1
25X1 25X1		*	Comment. The report does not indicate any change since the reports of 5 and 10 September 1950	25X1
